Great Results Guarantee

Under this agreement for 2014
Lockrose State School will receive

$11404

This funding will be used to

- Increase the proportion of Year 3 students above the NMS in the 2015 NAPLAN Reading to 50%
- Increase the proportion of Year 3 students falling within the average range and above for their cohort, in the PAT Reading Comprehension Test to 60%
- Develop teacher / teacher aide capabilities through professional development and focussed feedback to achieve improved student outcomes
- Provide intervention programs for students with learning difficulties in reading and at risk of not achieving NMS and who are not attaining the benchmarks in reading.

Our strategy will be to

- Enhance the reading and comprehension skills of our P-3 students through the implementation of the Pre-Lit and Mini-Lit programs that are part of the MultiLit Reading Tutor program.
  - MultiLit is a data driven approach to the teaching of reading, which originated as part of a research initiative of Macquarie University, Sydney. Making up Lost Time in Literacy (MultiLit) was launched in 1995, by Professor Wheldall, It is a program of research and development into more effective instruction for low-progress readers.
- Work with Cluster school Kentville, sharing an STLAN to coordinate and ensure consistency of delivery of the program, between two campuses.
- Use an on-going process of identifying student’s current achievement level, determining the student's future learning needs, and teaching to these needs, re-assessing effectiveness of the teaching strategy and then embarking on the next learning cycle.
- Review student data on a fortnightly cycle to adjust curriculum, resources and pedagogy.
